Dear Sir ; -

Recently I received your announcement, that, you have the new building open on certain evenings for visitors, and unfortunately being unable to avail myself of the same, am asking if you can not - in my behalf - extend this invitation to a few of my personal friends, who doubtless would be greatly interested .

Mr and Mrs Elmer F Woodberry, Hotel Belleclair. New York.

Mr and Mrs Albert Reiss, Metropolitan Opera Troupe do

Mr Robert Blass do do

Mr Adolf Muhlmann do do

I would thank you greatly, and if you would extend this in my name, and they are all nice people without question, and a few, probably known to you already. Mr Wm Poillon has visited me a few times, during his recent sojourn in our City and it gave me much pleasure to meet the gentleman.

With kindest regards, I am,

Yours Sincerely,

Dear Mr Belden ; -

Would you do me the kindness, of mailing in my behalf,
" Visitors Cards " to the following addresses, mentioning it was at my personal request -

Mr. Hall Mac Allister, " Lambs Club " New York City. N.Y

Mr. Eugene H. Hinton, President of the " South Eastern Freight Association "
Atlanta. Georgia.

Both are two very nice gentlemen, the first one, being a nephew, of the noted, Ward Mac Allister of New York, of social fame, and, the latter, was at one time Traffic Manager for the late Jay Gould, and each one is a university graduate, and warm personal friends.

Thanking in anticipation, for your kindness, I am,
VERY SINCERELY YOURS,

Hugo O. Greenhood

I have been sending Mr Poillon, a large assortment of " Foreign Postage Stamps as I have a wide business correspondence, and if you are interested, please ask him to give you some, at my suggestion.

Mr. Hugo O. Greenhood,

San Francisco.

Dear Mr. Greenhood:-

Your letter of July 6th came while I was away on my vacation.

It gives me great pleasure to send to your friends, Messrs. MacAllister and Hinton, cards for informal meetings that are held on the first Monday of each month from October to May.

As the building is open to the public every day, such cards are not necessary except for its evening meetings. I enclose you a half dozen cards, and if you desire to send them to any other friends, why I would be very glad to have you do so, noting on the cards that they are with your compliments.

In the collection of coins and medals belonging to the Society of California Pioneers, which is on exhibition in the San Francisco Mint, is a gold ingot dated 1850 and stamped with the value fifty dollars. Do you know of any way that a photograph of a wax impression of this could be obtained. I tried to obtain one through the Officials of the Mint and also through the California Pioneers without success. It occurred to me that

possibly some one on the spot might be able to get it. This ingot is mentioned in an article, by Mr. Adams, of Pioneer Coins, which is now in the course of publication in the Journal, and we are anxious to get a copy or an impression of this to use for an illustration. There are several of these ingots in existence, but this is the only one which has the value of the even fifty dollars.

I hope sometime you will take a trip to this part of the country. It would give me great pleasure to meet you personally, and to show you the collection we have here, which I am sure you will find of interest.

With kind regards, I am,

Very truly yours,

Director.

My dear Mr Belden ; -

I have just received your very kind letter of August, 21st with many thanks for the same, and your kind attention in sending the invitations and I expect my friend, Mr E. H. Hinton, will pay a visit to the rooms, and will probably make himself known, and you will doubtless find him a delightful gentle man, who, after graduating from the " University of the South " began his studies as doctor, and was then offered a clerkship in one of the railroads, which, seemed to appeal to him, and in a few years after became a traffic manager, for the late Mr Jay Gould.

Mr Hinton is an accomplished after dinner speaker, and as apt a scholar, and would have made his success, in most any line, where his inclinations would have lead him.

As to what you wish in the MINT, a Photograph or Wax Impression, I have no means for obtaining either, because I am an entire stranger, and, if you were not granted this request, as director of the leading Numismatic Society of America, I am quite powerless.

I would imagine, you could through the assistance, from one of the officials in Washington, D.C, obtain the same. ?

My dear Mr Belden -

I want to ask, if you will kindly mail 3 Tickets of Admittance, to my very warm personal friend, - Count Henri de Saint Seine -

Manager of the Banque France Americaine.

No. 45 Wall Street, New York City.

Will you also write him direct, that this has been done through myself, and if you would also mention to him, just on what evenings, there is some exhibition, and I know he will visit, unless, he might happen to have some date ahead. He has recently come back to America, and, we are friends some twelve or more years, when, he first came to San Francisco from Australia, for the Comptoir National de'scompte de Paris, and, he knows all about the Society, as he was always interested in the Magazine, and, there are just three in the family, his wife, the Countess and Mrs Bussey her mother, and they are all most lovely people, and, I could hardly suggest more desirable or more appreciative visitors.

I thank you in advance, and hope I am not causing you much trouble, as, I prefer to have you do this personally, and believe me,

Yours Very Sincerely,

Gentlemen --

I now enclose the - first - issued of the " Medals " of the Opening of the Panama Canal and World's Exposition for 1915, and while nothing attractive in my opinion, it will be followed by a large series in course of time, when, this great event takes place.

I want to ask, what is the price of your Membership Medals and Diplomas, as I lost both of these in the great fire 1906. ?

Dear Mr. Greenhood:-

Sometime ago Mr. Poillon informed me that your original certificate of membership in this Society had been lost at the time of the San Francisco earthquake, and that you desired to replace it.

The name of the Society has been changed since you became a member, and we are using a different certificate now, but I happened to have a few blank certificates that were left over, and I have filled one out and am sending it to you under separate cover, and would be glad if you would accept it with my compliments. I would have sent it before but it took sometime to get the necessary signatures, as Mr. Fryer was away and I had to wait until he should come here.

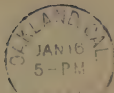

Trusting that this will reach you in good shape, and with kind regards, I am,

Very truly yours,

Please accept my very best thanks, for the Certificate
which came to hand this day.

Gentlemen -

The enclosed contribution to your Cabinet, which I take pleasure in sending herewith, I happened to pick up in an old "Cable Sheet" and which is something without any identification, and I leave it to your Curator to carefully give it proper Classification, and, I shall feel greatly interested, in learning exactly, as to results ?

The Storekeeper thinks it is from him from casual examination, of the characters, but, I would not venture to say, from what part of the Orient, and, awaiting your report in due course, I am,

With kindest regards, I am,

Very Sincerely Yours,
